Native-speaking English Teacher Scheme in Primary Schools

Appointment and Re-appointment of Native-speaking English Teachers for the 2010/11 School Year

SUMMARY

This is to inform schools and Native-speaking English Teachers currently employed under the Native-speaking English Teacher (NET) Scheme about appointment and re-appointment of NETs in the 2010/11 school year. Schools are requested to bring this circular memorandum to the attention of their NETs. This circular memorandum supersedes the Education Bureau (EDB) Circular Memorandum No. 48/2009 on the same subject.

DETAILS

NET Scheme in Primary Schools

2. Starting from the 2002/03 school year, public-sector primary schools operating six classes or more have been provided with NETs. Since then, EDB has been recruiting additional NETs for primary schools with an aim to achieving the target of providing one NET for each school. We have achieved the target with all of the primary schools now having their own NETs instead of sharing a NET with another school. For deployment of NETs, schools may refer to the Deployment Guidelines issued by the NET Section or seek advice from the Section's Advisory Teaching Team (ATT).

Appointment and Re-appointment of NETs

3. Schools and their serving NETs with contracts due to expire at the end of the 2009/10 school year are requested to discuss and reach an initial agreement as to whether they wish to have

their contracts renewed for another two years. Early discussion on contract renewal matters would enable NETs to make their future plans and schools to plan for recruitment/ staff deployment. Schools are requested to complete and return the attached Form A to EDB as detailed in paragraph 16 to facilitate planning and recruitment arrangements.

4. Schools may opt to recruit new NETs directly or entrust EDB to recruit NETs on their behalf. Schools opting to recruit a NET directly may proceed with the normal recruitment procedure and should ensure that the qualifications of NETs meet the requirements for appointment of new NETs in primary schools as set out in the Appendix. Assessments on non-local qualifications of NETs should be arranged by schools in accordance with the Education Bureau Circular No. 1/2005 before offering appointments.

5. Schools are reminded that, starting from the 2009/10 school year, new NETs who have not served under the NET Schemes before are required to produce documentary evidence that they have/ have not been found guilty of criminal offence (e.g. Certificate of No Criminal Conviction (CNCC)) from the countries/ cities where they have resided before they take up this new appointment in Hong Kong. Eligible candidates who are not able to obtain the above-mentioned CNCC since they have been residing and are recruited in Hong Kong are required to obtain a certificate of statutory declaration from one of the District Offices of the Home Affairs Department certifying that they have not been found guilty of criminal offence before they could be appointed as NETs. Should the NET concerned be found wilfully providing any false information or withholding any information in this respect, this will render the NET disqualified for employment / liable for termination of employment even though the NET has already assumed duties in school. Schools recruiting NETs directly should ask the NET to complete and return the attached Form C as detailed in paragraph 16 together with the required documentary evidence to EDB

6. . A primary school operating six classes or more is entitled to a NET. As a general rule, primary schools operating fewer than six classes will not be eligible for this provision. Primary schools with the number of operating classes falling below six in the 2010/11 school year will normally not be allowed to recruit any new NETs. If the existing NETs in such schools are serving in the second year of their two-year contract, they will be allowed to complete the current contract (up to the end of the 2010/11 school year) in their respective schools. In general, schools with fewer than six operating classes in the 2010/11 school year would not be allowed to renew or extend the two-year contract of the serving NETs unless the number of operating classes resumes to six or more in the future. Schools that will have the above changes in circumstances should approach the ATT regarding the deployment plan of the NET provision.

Retention Incentive

7. With effect from the 2005/06 school year, EDB has introduced a retention incentive to provide additional incentive for serving NETs to continue their service under the NET Scheme in Hong Kong. NETs who have served two years of continuous service and are in the third and fourth

years of continuous service OR who have served four years of continuous service and are in the fifth year of service onwards, are eligible to apply for receiving a retention incentive of 5% OR 10% of the current base salary respectively. The incentive is payable to NETs in each school year subject to the school management's confirmation in the annual appraisal that the performance of the NET has been satisfactory. For further details of the retention incentive, schools may refer to the Education Bureau Circular No. 2/2006.

Fringe Benefits for NETs

8. Schools are reminded that once the NET's normal place of residence is established as being outside Hong Kong and his/ her eligibility for the fringe benefits under the NET Scheme is confirmed, he/ she should continue to be eligible for the fringe benefits when re-appointed without a break in service unless there are changes in the NET's personal or family particulars such as change of marital status, permanent resident status and children having reached the age of 18, etc., which might affect his/ her entitlement. NETs should also be reminded to complete and submit the application forms for fringe benefits, when they report for duty on their contract commencement date.

Appointment for Serving NETs on Completion of Contract

9. For serving NETs who were recruited by EDB and wish to change to another school upon expiry of their contracts in the current school year, EDB will assist them to look for a new appointment. These NETs should complete and return the attached Form B to EDB as detailed in paragraph 16. They should note that there is no guarantee that they will be offered an appointment at other schools. If they subsequently fail to obtain a new appointment, they would not be able to return to their original schools.

Payment of Gratuity

10. Schools should arrange for the payment of gratuity for their NETs the soonest possible upon their satisfactory completion of the contract. A circular memorandum on the details of the payment of gratuity and the payment of tax before leaving Hong Kong will be issued in due course.

Duties of NETs

11. NETs should work collaboratively with the English panel in the preparation of teaching materials, curriculum development, organisation of English-related activities and staff development, etc., and act as resource persons for the schools. Schools should carefully review the NET's job description and duty lists and make sure that they are gainfully deployed. Schools may seek advice from the Advisory Teaching Team of the NET Section at 3549 8300.

Terms and Conditions of Service

12. The sample contract for the NET is subject to an annual review. An updated sample contract will be issued to schools for reference by May 2010. Schools should **not** sign a formal contract with serving/new NETs before they receive the updated sample contract.

Employment Visa

13. Before signing a formal contract with NETs coming from abroad, schools are advised to remind NETs that the offer for employment is conditional upon their having obtained an employment visa allowing them to work for the school as specified in the Letter of Appointment and to stay in Hong Kong for an initial period of at least one year. The visa should be obtained, prior to arrival in Hong Kong, from the Director of Immigration of the Government of Hong Kong Special Administrative Region.

14. For NETs already working in Hong Kong, the offer of employment is conditional upon their having obtained, prior to the commencement of the Contract, an approval from the Director of Immigration of the Government of Hong Kong Special Administrative Region allowing them to work for the School as specified in the Letter of Appointment and to continue to stay in Hong Kong for at least one year.

Teacher Registration

15. Section 42 of the Education Ordinance stipulates that any person who teaches in a school has to be either a registered teacher (RT) or a permitted teacher (PT). Therefore, schools should ensure that their NETs have applied to be RTs or the schools have applied for teaching permits for them prior to their assumption of duties. For further enquiries, please contact the Teacher Registration Team of EDB at 2520 0325 or 2520 0356.
